Subject: Expression of support and exceptional assistance to the Ukrainian Swimming Association

Dear Mr. President,

I would like to express my sincere regret about the current situation in your country and at the same time I want to convey our support. The Slovak Swimming Federation and its members condemn unprecedented attack on citizens of Ukraine. We sympathize not only with the Ukrainian people, but especially with your athletes and coaches, who, like our athletes, cannot get involved in normal sports life, but are literally fighting for their lives.

Due to your extremely difficult situation, we offer the Ukrainian Swimming Federation assistance in securing the stay and training for athletes (swimmers, water polo players and aquabels) in Slovakia in our clubs so they can continue their preparation for sporting events until the end of the war in your country.

Yours sincerely
